“ Sorry to hear of Jean's passing. I definitely remember her in Dale's Drive-In market, but more importantly I remember her as my neighbor when I grew up on Colusa Street. Condolences to Rhonda and family

I am so sorry to hear of Jean's passing. I am even more devastated that I missed her service. She was truly a great person. I had the pleasure of working with her for several years at Dale's Drive In Market during my teen years and when I first got married. I had the pleasure of visiting with her when we were both going to physical therapy at the same time a few months ago. She will be truly missed. Until we meet again Jean
