“ I know this is very belated but Honey was a friend of mine for 40 plus years. She was very intelligent very kind. She loved her children and her husband who stayed by her side until her last day. She was treated very badly by the people in a group she once socialized in Redding California . Somehow she managed to rise above the fray, maintain her dignity and overcome those struggles even though they caused her to lose everything. She move to another place when she was much happier. The way she lived taught me a lot and I'm going to really miss Honey.. I miss our talks... I miss her intelligence. I miss with kindness. For me she left an impression on me that will my whole life. I am so sorry to see Honey leave this earth. I wish Mike can find some peace and happiness the rest of his life..
