“ *I love you my beautiful son. I miss your sweet smile. Your happiness and your never give up attitude. I will always think of you and try to only remember the good times we all shared. You were everyone in the families boy and you were so loved by all. Now I hope you are happy with dad and mom and all who passé before you. You deserved so much more than I gave you. I pray for you as do the rest of your family left here. May God bless you and comfort you and may you finally rest in love and peace. I love you and will always think of you. My love, mom*

“ *Michael (age 3 or 4) sitting in the back seat of his mother green Volkswagen with a smile on his face, laughing and having fun with his mom and me driving around town and up and down main street. So many wonderful memories. Rest in peace*
