Tribute Wall

“ Ray was friends with my mother, Doreen Ross, way back in the early 60s. She raised goats and he bought some of his first goats from her.
They remained friends for years and when she was diagnosed with terminal cancer in the late 80s. Ray and his partner Manuel, took her into their home and took care of her until she passed. My sisters and I were young and didn't have the means to help. We will be forever grateful for this selfless act. I am sorry that I never stayed in touch with Ray and Manuel. If any of you know how to contact Manuel. Please share my number with him. Thank you. Lisa Linder. 602 670 2357.

“ Ray was such a kind and generous person. Also a true genius when it came to raising, breeding and selecting livestock of all kinds but especially dairy goats. We will all miss you so much. I hope all your favorite animals are there in heaven with you.
