“ It has been awhile since I spoke to Maureen. I am a 1960 classmate of cecilian academy with Mickey. I would like to contact any family members. 215-760-5550. We always had many long conversations since I was in Philadelia and she 3000 miles away. Our class was small so we knew everyone even though we didn't socialize much. I certainly will remember her in my prayers and know she is in a better place. Our class is at an age when we don't know how long we will be around.
Rest in peace Mickey!
